Helping members and providers better manage chronic conditions.

Care management helps you improve your health and well-being by coordinating care among providers, reducing hospital visits, boosting patient engagement, and helping to manage chronic conditions.

Our Diabetes & Heart Care plan is designed for people who are ready and willing to partner with their doctors and care teams by:

- ◆ Actively participating in managing a chronic condition.
- ◆ Partnering with a dedicated nurse case manager in managing the condition and reaching healthcare goals.
- ◆ Working with an Interdisciplinary Care Team to manage physical, psychological, and social needs.

Your Healthcare Concierge is here to help you make the most of your benefits. Just call or email for fast, friendly assistance.
